To Robert Heath

Rosalynn and I are grateful to Fibar Corporation for providing the accessible ground cover for the playground in Plains. This is a wonderful and generous contribution to the City of Plains Better Hometown Program.

The pool, bathhouse, and most of the playground equipment will be in place by mid September. The official dedication will be held during the annual Plains Peanut Festival, when there will be many visitors and high publicity in Plains. The ceremony will be at 4:00 p.m., Saturday, September 26, 1998. A schedule of other festival activities is enclosed. I hope you will be there when Fibar Corporation is publicly recognized.

As much as your support means to us personally, it will be appreciated even more by the children in Plains and Sumter County, who have never before had access to such a facility. Through your generosity, you already are very much a part of this exciting project, and we hope you can be with us for the official opening.

With thanks and warm best wishes,

Sincerely,

Mr. Robert Heath

To Robert Heath

Thanks to your generosity and support, we are nearing completion of our recreation center in Plains, Georgia. As you know, we began last summer when the land was donated and the swimming pool, playground, basketball court, and picnic area were built. For the past year, the community building, which will become a Boys & Girls Clubs facility, has been under construction, and we expect to have it completed in the next two weeks.

We hope that you and your representatives will join us when we dedicate the building during a ceremony at 3:00 p.m., Saturday, September 25, 1999. There will be a brief program followed by a wonderful southern meal provided by Outback Steakhouse. We are eager for you to tour the center and see for yourself what you have enabled us to accomplish.

Attached is an information sheet, which includes the address and phone and fax numbers for further information. I hope to see you there.

Sincerely,

Mr. Robert Heath
